all about Massey's

Back in the 60's two young men, Angelo & Ted had a dream to own a successful restaurant. They were already close personal friends so when Angelo found a spot in "Downtown" Bay Ridges they decided to give it a try. People they knew thought that their partnership wouldn't last more than a few months. But from the first day in the spring of 1965 when they sold \$74 worth of hot dogs, hamburgers, fries & pop they proved that with good food, hard work and community support they could make it.

The original take-out closed in 1984. Economics called for an expansion of Massey's which we had opened two years earlier.

The partners' success grew beyond even their wildest hopes. Of course, at some point even good things do come to an end.

In 1989, after twenty-four prosperous years in business together, "Uncle" Ted was ready to retire, I later became my father's partner.

Fortunately, Massey's has continued to thrive along with our community, as Pickering has evolved so have we.

Angelo still cooks but only when **GOLF**, Florida & my mom Tina (usually in that order) make time for it.

Opened in 2010, operated by my wife Donna & our daughter Tianna we are all extremely proud of the Coco Cake Co.

A very successful branch of Massey's featuring in house baked quality custom made cakes, cupcakes, cookies & pies.

Our son V angel is now our chef. His career following in the footsteps of his two grandfathers & two of his great grandfathers.

Chris, our youngest, is a manager, bartender & maybe someday my replacement when Donna & I hope to try having a life.

(it's an inside Family Restaurant Industry type joke)

Me, I've never left. I even was one of those "Young" guys who flipped burgers here back in the 70's.

Thank you for choosing Massey's, Don Argiro
